Basis

The following Directive is based on the Federal Act on Funding and Coordination of the Swiss Higher Education Sector (Higher Education Act, HFKG), Art. 25, Art. 26 and Art. 73 of 30 September 2011 (as at 1 February 2017), the Act on Universities and Research (GHF), Art. 10 (1), Art. 11 and Art. 31 of 24 October 2012, the Ordinance on Universities with Cantonal Sponsorship (VH), Art. 7, Art. 8, Art. 9 and Art. 11 of 8 July 2014, and the Act on Administrative Judicature (VRG) of 31 August 2006 (as at 1 January 2011).

I. General provisions

Art. 1

Content and Scope

¹ These Framework Regulations govern the bachelor's (Bachelor of Science, BSc, Bachelor of Arts, BA) and consecutive master's (Master of Science, MSc) study programmes offered by the University of Applied Sciences of the Grisons (university).

² The Regulations govern the enrolment process and the removal from the register of students, study programmes and the general examination and graduation procedures.

³ In addition to the Framework Regulations, the University Executive Board shall issue corresponding Study and Examination Regulations for each bachelor's and consecutive master's study programme.

⁴ Under these Regulations, study and examination regulations in connection with external partnerships are to be governed separately.

Art. 2

Information obligation

¹ Students are required to actively seek information on the objectives, contents and procedures of the various course assessments as well as about their rights and obligations in connection with their course of studies.

II. Admission and enrolment

Art. 3

Admission

- ¹ The enrolment fee will be due upon confirmation of the course place and shall be forfeited if the study programme is not started or is discontinued.
- ² Individuals who have already completed a bachelor's degree at the university and commence a consecutive master's study programme at the university shall not be required to pay the enrolment fee.
- ³ Tuition fees shall be payable once a semester. Entitlement to the reimbursement of tuition fees shall expire upon the start of the relevant semester.
- ⁴ Cantonal guidelines define how much the enrolment and tuition fees are.

III. Studies

Art. 4

Study structure

- ¹ Study programmes at the university are structured according to the standards and guidelines for quality assurance in the European Higher Education Area (ESG).
- ² The European Credit Transfer and Accumulation System (ECTS) is used for calculating study workloads. As a rule, one ECTS point corresponds to a workload of 25 to 30 hours.
- ³ A bachelor's study programme comprises at least 180 ECTS points and covers six semesters in full-time study and eight semesters in part-time study. The bachelor's study programme must be completed after twelve semesters at the latest.
- ⁴ A consecutive master's study programme comprises at least 90 ECTS points and must be completed after eight semesters at the latest.
- ⁵ The bachelor's and master's study programmes are divided into modules.
- ⁶ One module has at least four ECTS points, exceptions are possible in individual cases. A module can extend over up to two (bachelor's study programmes) or up to three (master's study programmes) consecutive semesters.
- ⁷ One module corresponds to one assessed unit and is indicated in the certificate.

Art. 5

Module registration/deregistration

- ¹ Each semester, students must register for the modules according to the respective study plan or course of studies (e.g. when repeating modules).
- ² Students can deregister from a module once in writing.

Art. 6

Curriculum

- ¹ The curriculum defines the study contents and module types and is specified in the Study and Examination Regulations of the respective study offer.
- ² The curriculum shall be subject to change.

Art. 7
Module types

¹ The curriculum for the bachelor's and master's study programmes comprises the following module types:

- a) mandatory modules
- b) mandatory elective modules
- c) free elective modules

² Mandatory modules must be passed.

³ Mandatory elective modules are modules that must be selected from a specific group of modules.

⁴ Free elective modules are modules that can be chosen by the students in accordance with the specifications in the Study and Examination Regulations of the respective study offer.

⁵ A module may comprise several courses and assessments. The ECTS points are assigned to the module.

Art. 8
Module and course description

¹ The module description contains binding guidelines on at least the following points:

- a) the module name and abbreviation
- b) the module type
- c) the person responsible for the module
- d) the teaching language
- e) the ECTS points assigned to the module
- f) the module goal/guiding principles
- g) the module requirements/admission criteria
- h) the module contents
- i) the courses assigned to the module
- j) the module results/skills acquired upon completion
- k) the specialist literature
- l) the rules for implementation (including module structure, course assessments and grading, teaching and learning methods)

² The course description contains binding guidelines on at least the following points:

- a) the teaching language
- b) the teaching and learning methods
- c) the course contents
- d) the course goals/skills acquired on completion
- e) the specialist literature
- f) the course assessment

Art. 9
University calendar

¹ The university calendar defines the dates for teaching events, examination weeks, block weeks and theses over several years.

² The exact semester dates are defined by the study programmes.

Art. 10
Semester information

¹ The semester information is issued at the start of a semester and defines the concrete rules for implementation and any requirements as regards compulsory attendance in the module.

- Art. 11
Teaching language
- ¹ Courses shall be held in German, English, Romansh or Italian as per the module description.
 - ² The Study and Examination Regulations of the respective study offer may allow for other languages.
 - ³ Foreign-language teaching shall be conducted in the relevant foreign language taking account of the respective course level.
- Art. 12
Dispensation and applications for the deferment of military/civil service
- ¹ Applications for dispensation from compulsory courses must be submitted in writing to the Director of Studies at least five working days prior to the planned absence.
 - ² Absences from compulsory courses due to serious circumstances (illness, accident, bereavement) must be reported to the Director of Studies in writing.
 - ³ For periods of military and civil service that fall within term time, the student shall be required to request the deferment of this service in good time by submitting an official application.
 - ⁴ The Director of Studies shall decide on any consequences in the event of unauthorised absences from compulsory courses.
- Art. 13
Exchange semesters
- ¹ Taking a semester at another university generally take place within the framework of established partnerships.
 - ² An exchange stay must be approved by the Director of Studies. There is, however, no fundamental right to an exchange semester. The selection and application procedure shall be conducted by the Director of Studies. The International Office shall be responsible for the assignment of places.
 - ³ Students wishing to complete an exchange semester without a partnership agreement (so-called free movers) must arrange this with the Director of Studies at the beginning of the preceding semester.
 - ⁴ The study achievements attained at another university are agreed upon as part of a *Learning Agreement* and the attained ECTS points taken into account in the study programme accordingly.

IV. Examination and graduation process

- Art. 14
Course assessments
- ¹ Students must complete at least one course assessment in each module.
 - ² Students who are unable to complete a course assessment due to serious, verifiable circumstances (e.g. illness, accident, bereavement) have the opportunity of completing the course assessment at a later date.
 - ³ Students shall have a right to access their own course assessments.
- Art. 15
Examination procedure
- ¹ Students registered for a module shall be deemed to be registered for the course assessments of the module.
 - ² The lecturers of the module shall be responsible for the preparation, supervision, correction and grading of course assessments.

Art. 16
Grading of course assessments

³ In the case of oral course assessments, it must be possible for the oral achievements to be proven by the examining body in suitable form.

⁴ The Directors of Studies shall be responsible for defining the form, duration, timing and organisation of the course assessments as well as for ensuring their proper implementation.

¹ A grading scale of 1.0 to 6.0 is used for the grading of course assessments

Grading scale CH	Grading scale ECTS	Ratings	
6.0	A	excellent	passed
5.5	B	very good	
5.0	C	good	
4.5	D	satisfactory	
4.0	E	adequate	
3.5	FX	unsatisfactory	failed
3.0 to 1.0	F	extremely unsatisfactory	

² For each module, either a grade is given according to the grading scale or the rating 'passed'/'failed' is awarded.

³ Course assessments and/or courses where grades are assigned are graded precisely to one decimal place. The module grade will be rounded to a half or full figure.

⁴ ECTS points shall only be credited if the module is passed.

⁵ ECTS points and equivalent course assessments that have been gained before commencing studies may be recognised by the Director of Studies following a formal request. For ECTS points and equivalent achievements that have already been gained and recognised before commencing studies, the rating 'recognised' shall be awarded for the respective module.

⁶ An unauthorised absence from a course assessment will result in a grade of 1.0 or 'failed' rating being awarded.

Art. 17
Failed modules

¹ A passed module is considered as being completed and cannot be re-examined.

² For modules with the grade 3.5, a re-examination date can be offered two weeks after access to the examination at the earliest. Following re-examination, no higher than a grade 4.0 or 'passed' rating can be achieved. Re-examination does not count as repetition of the module.

³ A failed module can be repeated the next time an equivalent module offering is made available. In the event of a repetition, all course assessments in the module must be completed again.

⁴ A failed module may only be repeated once. If the module is failed a second time, then failure of the module is considered as being final.

Art. 18
Bachelor's and master's thesis

- ¹ A total of 12 ECTS points are assigned to the bachelor's thesis and 15 ECTS points to the master's thesis.
- ² If the thesis is submitted late or not at all, it shall be deemed to have been failed (grade of 1.0).
- ³ If the thesis is failed, it may only be repeated once.
- ⁴ Students who are unable to submit their bachelor's or master's thesis on time or at all due to serious, verifiable circumstances (e.g. illness, accident, bereavement) have the opportunity of submitting their bachelor's or master's thesis at a later date or starting a new bachelor's or master's thesis.
- ⁵ A directive from the University Executive Board will determine the conditions for writing and submitting bachelor's and master's theses.
- ⁶ If a non-disclosure or confidentiality agreement has been signed for a bachelor's or master's thesis, the university shall only accept liability in the event of breaches by the supervisor or examiner. In the event of breaches committed by the students, they alone shall be liable for the respective breach. This limitation of liability shall apply to any further claims of the principal arising from this agreement, regardless of the legal title on the basis of which these are justified.

Art. 19
Completion of studies

- ¹ The bachelor's study programme is considered as being completed when
 - a) at least 180 ECTS points have been obtained according to the curriculum detailed in the respective Study and Examination Regulations, and
 - b) the bachelor's thesis is passed.
- ² The master's study programme is considered as being completed when
 - a) at least 90 ECTS points have been obtained according to the curriculum detailed in the respective Study and Examination Regulations, and
 - b) the master's thesis is passed.

V. Further provisions

Art. 20
Cheating and plagiarism

- ¹ If the result of a course assessment, bachelor's thesis or master's thesis is influenced through cheating or an attempt is made to cheat, in particular through the use of unauthorised means, a grade of 1.0 shall be awarded.

² Upon enrolling, students shall assign the rights of use to work protected under copyright law and created in connection with the studies to the university of applied sciences .

³ The the university of applied sciences shall be entitled to manage and use student work protected under copyright law, and to grant rights to third parties as part of collaborations. Should it not utilise its right of use, students may request the return of the right of use after completing their studies.

⁴ Upon utilising the right of use or granting rights to third parties, the interests of the students involved should be taken into account appropriately. Should a profit be generated, the the university of applied sciences shall be required to agree adequate compensation with the students involved.

⁵ As long as the period for lodging complaints against decisions of the executive bodies of the the university of applied sciences has not expired, the right of use shall lie with the university.

Art. 24
Administration of justice

¹ Decisions regarding the non-admission of students, exclusion during the course of studies and the failure of the study programme may be contested within ten days of the provision of the relevant written notification through the lodging of a complaint to the University Council's Board of Appeal. The complaint must include a request and justification. The contested decision and any evidence – should this be available – must be enclosed and submitted to the University Council's Board of Appeal, Pulvermühlestrasse 57, CH-7004 Chur. Appeals against decisions of the Board of Appeal may be lodged with the administrative court within ten days of the provision of the relevant written notification.

- Art. 25
Removal from the register of students
- ² All other objections relating to the study programme may be submitted to the Director of Studies up to ten days after the time the objection arises (e.g. after accessing a course assessment). Written objections must include a request and justification. The Director of Studies shall make a decision on the objection.
- ³ In the event of failed modules, an appeal can be submitted to the University Executive Board within ten days of the provision of objections. The University Executive Board shall make the final decision.
- ¹ Students shall be removed from the register of students upon the awarding of the bachelor's or master's diploma, on request of the student, or after exclusion from studies due to:
- the final failure of a mandatory module
 - a repeated failure of a bachelor's or master's thesis
 - disciplinary proceedings
 - failure to pay enrolment or tuition fees
 - exceeding the maximum duration of the study programme
- ² Upon being removed from the register of students, the individual in question shall lose their student status at the university.

VI. Closing provisions

- Art. 26
