INSURANCE

Health and accident insurance

Health & accident insurance is **mandatory** for everybody who is residing in Switzerland.

EU/EFTA students:

Students living in the EU and holding **public health insurance** must send us a copy of their European Health Insurance Card (EHIC) as proof of health insurance coverage. The EHIC must be valid for the entire duration of stay in Switzerland.

Non-EU/EFTA students:

Students without the European health insurance card have the following options:

1. Sign up for Swiss insurance policy through the International Office. The basic monthly premium costs are approx. CHF 350.- (depending on age, gender and domicile).
2. Sign up for a Swiss insurance policy directly with Swiss insurance companies specializing in health and accident insurance for foreign students, e.g.: www.swisscare.ch (monthly premiums starting from CHF 65.--)
3. Health insurance provider in home country signs an exemption form, confirming that the foreign insurance policy offers equivalent coverage to the Swiss KVG basic health insurance benefits. This application will be evaluated by local authorities on arrival in Chur.

Personal liability insurance

Exchange students are requested to purchase a personal liability insurance. This covers damages to other persons and property caused by the policy holder. Before students leave their home country, they should check with the insurer whether the insurance covers liability whilst living abroad.

The University of Applied Sciences of the Grisons accepts no liability for students.

NON-ACADEMIC INFORMATION

Estimated costs of living

Approx. CHF 1'500 per month

(This figure is based on the average monthly amount incoming students estimated they spent in 2020. The amount can vary, depending on the lifestyle)

Buddy system

Each exchange student is allocated a Swiss "buddy" to help them with daily life and social integration.

ESN Chur

ESN Chur is a student organisation offering social activities for international students <https://www.instagram.com/esn.chur/>

Students and staff with disabilities

Infrastructure for students with disabilities is restricted in some of the buildings. It is essential to communicate with the International Office at least 6 months before the exchange period in order to cater for the individual's requirements.
