

Internship in Engagement/Communications for Informatics (m/f/d) (12 months)

The Position

At Roche, we believe it's urgent to deliver medical solutions right now - even as we develop innovations for the future. We are passionate about transforming patients' lives and we are courageous in both decision and action. And we believe that good business means a better world. This internship in Roche's Informatics organisation offers you the unique opportunity to learn more about our mission, what we do, working in an agile organisation, how we support patients on their journey, as well as meeting lots of great people to learn from. Your contributions will focus on internal communications and coordination around the engagement activities for our Informatics colleagues across the globe. You will work closely together with the Engagement and Cluster Leads in the Chapter of Informatics Partner Success (IPS).

During the internship you will:

- ◆ Support and coordinate engagement activities for about 4,500 IT specialists across (e.g., newsletters, mailings, town halls & talks, social get togethers)
- ◆ Develop and create communications, including videos, articles, presentations and other materials for internal audiences
- ◆ Create engagement activities for both Leadership and employees
- ◆ Manage and publish content on internal comms channels

At Roche we offer you a multicultural workplace in a modern environment, which at the same time requires you to be open-minded and adaptable. As an intern you will join our Roche Interns Network that offers you chances to connect, have fun and get to know Basel, in the heart of Europe.

Your Profile

We are keen to discover talents who are passionate about learning and show great curiosity in discovering new things.

For this internship we are mainly looking for you, if you are passionate about and skilled in **graphic design and storytelling** and enrolled in your Bachelor's studies in **Communications, Marketing, Journalism, Public relations or related areas** and will continue to be enrolled during the entire period of the internship. Alternatively, you are currently enrolled in a Master's program. **Students in their gap year are not eligible.**

Experience in the area of communications, event or project management is a plus.

Due to regulations, non-EU/EFTA students: You have to provide a certificate from the university stating that an internship is mandatory and upload it together with your application documents. Furthermore, you have to be enrolled during the entire internship period.

What do you need in your toolbox:

- ◆ Experience and passion for **graphic design** (Adobe Photoshop) and movie making/editing (e.g. Adobe Premiere)
- ◆ Able to work independently with little guidance, have an enthusiastic and open-minded & can-do attitude
- ◆ Highly collaborative and an ability to multitask while remaining organized
- ◆ Advanced knowledge in Google's suite of applications (Mail, Calendar, Drive, Google Currents, Hangouts)
- ◆ **Fluent spoken and written English**, additional languages are an advantage

If you are proud of contributing and feel you have the dedication to teamwork and innovation that we are seeking, then Roche is the organization for you. Every role at Roche plays a part in making a difference to patients' lives. If you want to work in a passionate team, make your mark & improve lives, apply now.

The preferred start date is October 2022 upon availability for 12 months. Please clearly indicate your preferred starting date and duration of internship in your motivation letter. **Applications lacking a motivation letter will not be considered (please provide your motivation letter and CV as one document).** Show off your creativity through your application.

Roche embraces diversity and equal opportunity in a serious way. We are committed to building a team that represents a variety of backgrounds, perspectives, and skills. The more inclusive we are, the better our work will be.

Roche strives to be an equal opportunity employer.
