

Ready to say goodbye to the boring, traditional 9-5 routine and embrace a dynamic and exciting work environment that puts you in control? This position offers you the flexibility to set your own schedule and complete exciting tasks using an innovative web-based evaluation tool.

A Day in the Life of a Media Search Analyst:

- In this role, you will be doing a comprehensive assessment of diverse task categories, encompassing Video and App Store evaluations spanning various media domains
- Analyzing and evaluating search outcomes for App Store Content and conducting research using online tools to assess and validate query accuracy and intent by applying market expertise in conjunction with provided directives to evaluate the relevance and purpose of task-related information for your specific market.

Qualification path

No previous professional experience is required to apply to this role, however, working on this project will require you to pass the basic requirements and go through a standard assessment process. This is a part-time long-term project and your work will be subject to our standard quality assurance checks during the term of this agreement.

Basic Requirements

- Full Professional Proficiency in The English & Italian language
- Being a resident in Switzerland for the last Year and having familiarity with current and historical business, media, sport, news, social media, and cultural affairs in Switzerland
- Having an email address associated with an Apple ID and experience and know-how of Apple products
- Up-to-date familiarity with prevailing trends in applications and video with a keen interest in internet research
- Flexibility to work across a diverse set of task types, including news, audio tasks, and relevance
- Daily access to a secure broadband internet connection, computer, and relevant software
- Independent working and the ability to adapt to innovative methodologies and processes with great attention to detail and exceptional communication skills
- While a High School degree or higher certification is preferred, we are open to candidates with exceptional skills and talent.
- Additional Incentives provided throughout the assessment process

Assessment

In order to be hired into the program, you'll take an open book qualification exam that will determine your suitability for the position and complete ID verification. Our team will provide you with guidelines and learning materials before your qualification exam. You will be required to complete the exam in a specific timeframe but at your convenience.

Equal Opportunity

All qualified applicants will receive consideration for a contractual relationship without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or protected veteran status. At TELUS Digital AI, we are proud to offer equal opportunities and are committed to creating a diverse and inclusive community. All aspects of selection are based on applicants' qualifications, merits, competence, and performance without regard to any characteristic related to diversity.
